# zendit

Mobile Data Bundles

zendit offers customers the ability to purchase various data packages for their phones.

With zendit platform, integrating mobile data packages or data bundles, into your mobile or web platform is a breeze.

With our prepaid-as-a-service platform, integration and embedding of airtime/data top up capabilities to mobile phone users have never been easier for developers, businesses, and beyond.

Within minutes, access a network of over 600 mobile network operators in over 170 countries, giving your customers the power to send data bundles to their friends and family abroad.

We offer
